SUBJECT: Magnetic-Field Hazards Bibliography

TABLE OF CONTENTS

A. General.....	2
B. Measurement Techniques, Environmental Levels, Applications in Science and Industry,.....	2
C. Biological Studies at the Molecular, Cellular and Sub-vertebrate Level,.....	5
D. Biological Studies: Vertebrates,.....	15
E. Biological Studies: Man and Neural Effects.....	21

## A. GENERAL.

1. Aceto, H. Jr., Tobias, C. A. and Silver, I. L., Some studies on the biological effects of magnetic fields, IEEE Trans. Mag. MAG-6:368 (1970).
2. Alpen, E. L., Magnetic field exposure guidelines, in: Magnetic Field Effects on Biological Systems. Edited: T. S. Tenforde, New York, Plenum Press, 25-32 (1979).
3. Barnothy, M. F., (Ed.), "Biological Effects of Magnetic Fields," Vol. 1, New York, Plenum Press (1964).
4. Barnothy, M. F., (Ed.), "Biological Effects of Magnetic Fields," Vol. 2, New York, Plenum Press (1969).
5. Dubrov, A. P., "The Geomagnetic Field and Life," Geomagnetobiology, New York, Plenum Press (1978).
6. Frankel, R. B., Biological effects on static magnetic fields, in: "Handbook of biological effects of electromagnetic fields," C. Polk and E. Postow, eds., C. R. C. Press, Boca Raton (1984).
7. Frazier, M. E., Biological effects of magnetic fields: A progress report. In: Health implications of new energy technologies, edited: W. N. Rem and V. E. Archer, Ann Arbor Sci Publ. Inc., Michigan, pp 676-685 (1980).
8. Frazier, M. E., Andrews, T. K. and Thompson B. B., In vitro evaluation static magnetic fields, in: "Biological Effects of Extremely Low Frequency Electromagnetic Fields," R. D. Phillips, M. F. Gillis, W. T. Kaune, and D. D. Mahlum, eds., NTIS Rep. No. CONF-781016, Springfield, Virginia (1979).
9. Grissett, J. D., Biological effects of electric and magnetic fields associated with ELF communications systems, Proc. IEEE 69(1): 98-104 (1980).
10. Montgomery, D. J. and Smith, A. E., A search for biological effects of magnetic fields, Biomed. Sci. Instrum. 1:123 (1963).
11. Tenforde, T. S., (Ed.), "Magnetic Field Effect on Biological Systems," New York, Plenum Press (1979).

## B. MEASUREMENT TECHNIQUES, ENVIRONMENTAL LEVELS, APPLICATIONS IN SCIENCE AND INDUSTRY.

1. Anderson, F. J. and Phillips, B. G., "Electric field strengths and magnetic flux densities around electric power generating and distribution facilities in Alberta." Report avail. from Alberta Workers' Health, Safety & Compensation, 10709 Jasper Ave., Edmonton, Alta. T5J 3N3.
2. Aniolczyk, H., "Measurements and hygienic evaluation of electromagnetic fields in the environment of diathermy, welders and induction heaters," Med. Pracy, Vol. 32(2), pp. 119-128 (1981).
